COMMENTS

The Public Representative has reviewed the Postal Service's Notice, the attachments thereto, and the supporting financial model filed under seal that accompanied the Postal Service's Notice. Based upon that review, the Public Representative concludes that the rates not of general applicability for Inbound Air Parcel Post at UPU rates satisfy the requirements of 39 U.S.C. §3633(a).

Under section 3633(a), the criteria for Commission review are whether the competitive product rates (1) do not result in market dominant products subsidizing competitive products, (2) ensure that each competitive product covers its attributable costs; and (3) enable competitive products as a whole to cover an appropriate share of the institutional costs of the Postal Service. In this proceeding, the Postal Service incorporates by reference the explanations of Inbound Air Parcel Post at UPU rates contained in its Request and other materials filed in Docket Nos. MC2010-11 and CP2010-11, justifying a finding of compliance with the statutory criteria. Notice at 2. With respect to criterion (2), the financial model accompanying the Postal Service's Notice supports a conclusion that the inward land rates for Inbound Air Parcel Post at UPU rates comply with section 3633(a)(2).

The Public Representative respectfully submits the foregoing comments for the Commission's consideration.
